TEAM 'YOUNG GLOBAL LEADERS' PROGRAM:

Mostly young (easy to manipulate) primers. Inflated and nonsensical titles to hide the hollowness of their positions. Most likely decoration plants for the WEF bogus 'school'. It looks like they've been chosen for their physical appearance and ethnic background (BS 'diversity').

We notice that no teacher is mentioned for this alleged 'school'...

As we see, the globalist vermin have infiltrated many universities who have become cultural marxist, globalist re-education centres as seen in the last decades. The spirit of debate, free speech and liberty that saw the founding of universities has been replaced by conformism, 'cancel culture', dullness and censorship. They are now formatting generation of idiots, one way thinkers and obedient serfs. Oxford, Harvard, Princeton means nothing anymore except atrophied thinking.
